

## Escape Maze

At home, you should practice two ways out of every room with your family. Can you help Betty find her way through the maze to Wilma?

*Also, remember these safety tips for your home fire escape drill:*

- Crawl low to avoid smoke and heat.
- Feel doors with the back of your hand before opening them.
- Do not open the door if it feels hot— use your second exit.
- Get out fast.
- Meet outside and then call for help.
- Fill in your emergency number here
