

HOMOPHONE HUNT

Objective

The student will identify homophones.

Materials

- Flip pages - *Copy, laminate, cut, compile book, and staple. Cut up to the grey line in between flip pages. Staple to card stock or poster board for better handling and durability.*
- Student sheet - *There are two students sheets. These can be used individually or copied back to back.*
- Answer Key
- Pencils

Activity

Students choose the correct homophone in a flip book to complete sentences.

1. Place flip book at the centre. Provide each student with a student sheet.
2. The student “flips” the pages in the flip book and selects a pair of homophones and reads them.
3. “Flips” through the sentence pages to find the two sentences that correspond to the homophones.
4. Writes the correct homophone in the blanks of the corresponding sentence on the student sheet.
5. Continue until student sheet is complete.
6. Teacher evaluation
