

Tissue Paper Ghost

What you'll need:

balloon
toilet paper
tape
scissors
ribbon or string
thick black marker

Inflate the balloon.
Tie ribbon to balloon.
The "top" of the ghost's head is
where
the ribbon is tied.
Tape long strips of toilet paper
to at least four sides of the
balloon.

Be generous with the toilet paper
strips. Long, floating paper
strips make for a spooky ghost!

Draw a spooky ghost face on the toilet paper. Be careful not to rip through the paper with your pen!

Hang up your ghost or run around the yard trailing him behind like a kite!
