## **Child Safety Tips By Monique Dyer**

### **Child Safety Tips by Monique Dyer**

#### 6 Ways to Prevent Child Abduction

1. Never leave your child alone in a public place, car, or stroller.
2. Point out a safe house or houses in your neighborhood, where children can go if they are in trouble.
3. Check older friends of your child and all potential babysitters.
4. Do not use clothing and toys with your child's name on it. A child will less likely to fear someone who knows his/her name.
5. Always accompany your child into a public restroom.
6. Keep an up-to-date color photograph of your child, a Child ID, and medical and dental history, and have your child fingerprinted.

Child abduction is a growing concern and there are simple precautions that you can take to help safeguard your children.

Monique Dyer, President of Accurate Drug & DNA Testing, a Atlanta-based company selling on-site drug testing kits to businesses and DNA Testing services to consumers. She currently has a bi-weekly child safety tips newsletter, promoting safety with Children's identification, fingerprinting, and DNA Kit to parents. ## Eight Out Of 10 Kids In Child Safety Seats Are At Risk – And Their Parents Don'T Even Realize It

By News Canada

### Eight Out Of 10 Kids In Child Safety Seats Are At Risk – And Their Parents Don'T Even Realize It

by: News Canada

(NC)—Even the most informed parents make mistakes when installing child safety seats. According to a recent study by Transport Canada, eight out of 10 child safety seats are improperly installed. DaimlerChrysler Canada recognized the need to help parents properly install car seats and as a result has developed a free safety seat inspection service called Fit for a Kid®, that is open to any make or model of vehicle.

Keeping kids safe when you drive is a parent's primary concern. Here are some tips for choosing car safety seats properly. Please remember that the same child safety seat will not necessarily serve your child through all of their growing stages.

Top 10 child safety seat tips from Fit for a Kid®

1. For babies less than one year old and weighing less than 10 kg (22 lb.), the safest location is in rear-facing restraints in the back seat of the vehicle.
2. A child who is less than one year old and weighing more than 10 kg (22 lb.) should ride in a seat certified by Transport Canada for heavier babies and continue to ride rear-facing until one year old.
3. Children between the ages of one and four years and weighing at least 10 kg (22 lb.) should ride forward-facing until they reach 18 kg (40 lb.).
4. Children weighing more than 18 kg (40 lb.) should ride in booster seats until they are big enough to fit properly in a seat belt, which is approximately at nine years old and weighing more than 27 kg (60 lb.).
5. Never use old or used child safety seats, or seats that have been in a crash or are beyond the expiry date. If reusing a seat, make sure you have all the pieces (including instructions) and make sure the seat has been checked for recalls with Transport Canada.
6. Never place a child safety seat in front of a passenger air bag.
7. Be sure to read both the vehicle owner's manual and the instructions that come with the child safety seat.
8. Kids of all ages are safest when properly restrained in the back seat.
9. The "best" child safety seat is the one that correctly fits the child, fits the vehicle and is used correctly every time.

10. Do the right thing – always buckle up and make sure your passengers do too.

To schedule an appointment for a safety seat inspection with a participating Five Star Chrysler, Dodge or Jeep® retailer near you, call 1-866-FIT-4-A-KID or visit the Web site at [www.fitforakid.ca](http://www.fitforakid.ca)

- News Canada

[News Canada](#) provides a wide selection of current, ready-to-use copyright free news stories and ideas for Television, Print, Radio, and the Web.

[News Canada](#) is a niche service in public relations, offering access to print, radio, television, and now the Internet media, with ready-to-use, editorial "fill" items. Monitoring and analysis are two more of our primary services. The service supplies access to the national media for marketers in the private, the public, and the not-for-profit sectors. Your corporate and product news, consumer tips and information are packaged in a variety of ready-to-use formats and are made available to every Canadian media organization including weekly and daily newspapers, cable and commercial television stations, radio stations, as well as the Web sites Canadians visit most often. Visit [News Canada](#) and learn more about the NC services.
