

Contraction Bingo

Objective

The student will identify contractions.

Materials

- Bingo cards - Each card has different contractions.
- Word cards
- Counters

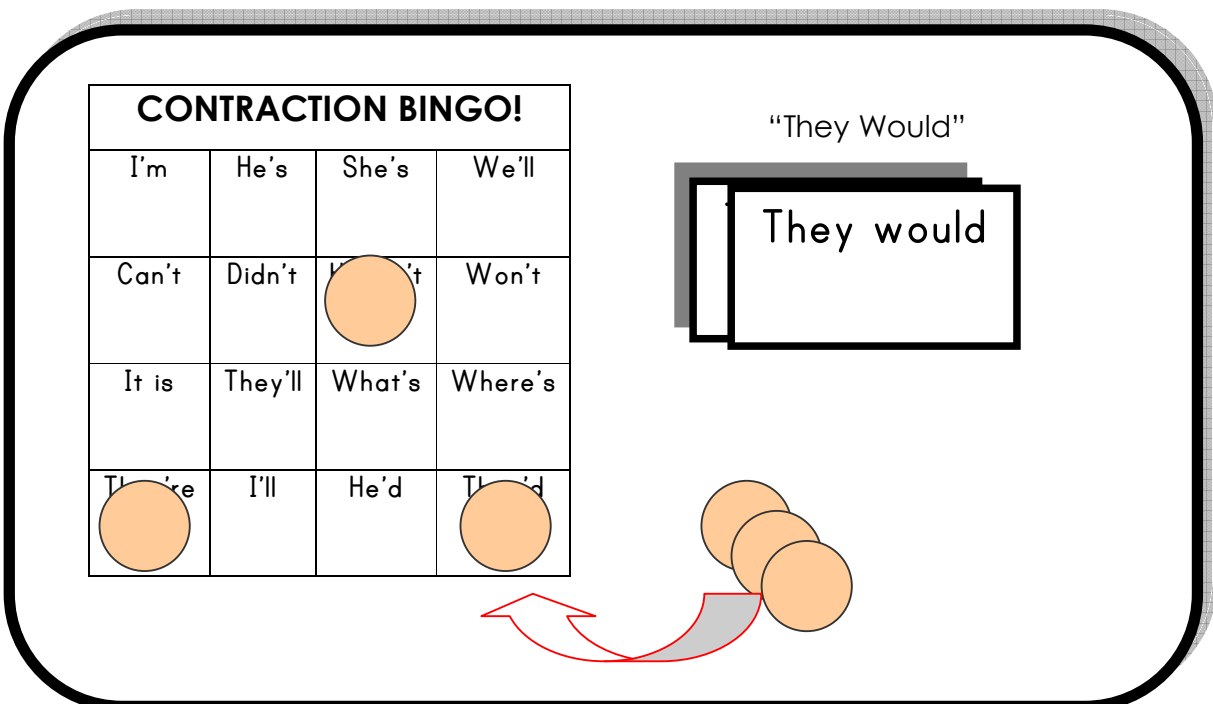

Activity

Students identify contractions by playing a bingo-type game.

1. Place the word cards face down in a stack. Provide each student with a bingo card and counters.
2. Taking turns, students select the top card and read the words.
3. Look for the matching contraction on the bingo card. If there is a match, place a counter on that contraction. Return card to the bottom of the stack.
4. The game is finished when one card is covered with counters and a student says "Contraction Bingo!"
5. Peer evaluation

Extensions and Adaptations

Use other contractions and bingo cards with different words
